

y-SIS Newsletter

Here we are again!

A happy new year, and welcome to all new members of Young SIS! On December 31st 2022, the members of the y-SIS board **Marta Catalano**, **Carlo Cavicchia** and **Augusto Fasano** completed their mandate. We want to thank them very much for their dedication to the group, and we wish them luck for the future! The new elected officers are: **Filippo Ascolani**, **Veronica Ballerini** and **Giorgia Zaccaria**, who started on January 1st 2023. **Pierfrancesco Alaimo di Loro** has been nominated coordinator of the y-SIS board and **Fabio Centofanti** is our new secretary.

The bi-monthly newsletter is back to keep up-to-date y-SIS members about the exciting events that we have in mind for this year. For real-time news, do not forget to follow us on [Twitter](#), [Instagram](#) and [Facebook](#)!

Tell me Y-SIS

Tell me Y-SIS: Share, Inform, Stimulate is a new way for y-SIS members to *share* the insights of their most recent articles and *inform* the scientific community via our social channels. We aim to disseminate recent scientific achievements of young researchers and *stimulate* the exchange of ideas. Fill out this [form](#) if you want to tell us about your last paper and share the highlights with the social community!

Stats Under the Stars

ANCONA, JUNE 20-21

Stats Under the Stars (SUS⁶) is a **whole night event for young statisticians**, where different teams of young students and researchers will compete for the **analysis of a dataset** during the night in a friendly environment. This is the sixth edition of the initiative after Padova (2015),

Salerno (2016), Florence (2017), Palermo (2018) and Milano (2019). SUS⁶ will take place in Ancona during the night between June 20-21 as a satellite event of the intermediate SIS meeting “Statistical Learning, Sustainability and Impact Evaluation” (SIS2023). The website is coming... We'll keep you posted!

SIS2023

ANCONA, JUNE 21-23

The Intermediate Scientific Meeting of the Italian Statistical Society entitled **Statistical Learning, Sustainability and Impact Evaluation**, will be held on June 21-23 in Ancona. The Conference will include plenary, specialized, solicited, contributed and poster sessions. A reduced fee will be applied to junior associates and PhD students. y-SIS will be present with an invited session ... For more information, see the dedicated [website](#).

We are going to **award two prizes for the best young contributions** given respectively by a PhD student and a junior researcher. The prizes are **reserved to y-SIS members** that will give a talk at SIS2023, in compliance with the payment of the annual fees. Stay tuned for updates about the prizes and the application form!

StaTalk 2023

ROME, SEPTEMBER 15

StaTalk, a **full day dedicated to young statisticians**, is finally coming back home! It is an informal scientific meeting promoting interchange of ideas among students and young researchers from different areas of study. The day will include a plenary talk and several invited sessions to give **young researchers** the opportunity to share their ideas, projects and research interests. More information will be available very soon!
