

# y-SIS Newsletter

## The wind of autumn

*When autumn comes, it reminds us that everything is a cycle and that events repeat sooner or later: the long-awaited StaTalk has come back, held in Rome last week! Also, autumn brings the winds of change and calls for the renewal of our board. You will find a report on our fantastic StaTalk and more details on the upcoming elections in the newsletter.*

## StaTalk 2023

ROME, SEPTEMBER 15

**StaTalk**, a full day dedicated to young statisticians, came back to R(h)ome! We had the pleasure to host **67 participants**, **12 invited talks** (Nina Deliu, Elena Sabbioni, Mario Santoro, Laura D'Angelo, Greta Panunzi, Giulio Grossi, Nicoletta D'Angelo, Alessia Caponera, Marco Stefanucci, Christian Capezza, Luca Merlo, Marco Mingione), two of the y-SIS founders ([M. Sciandra](#) and [S. Arima](#)), one keynote speaker [Giacomo Zanella](#), and the special guest [Datapizza](#).

We are particularly happy about the social moments, that allowed junior researchers to mingle and exchange ideas. Starting from the dinner on the previous evening, and again with the coffee break, lunch and aperitif on the conference day, good food was never too far. We thank our sponsors

([DSS Sapienza](#) and [IAC-CNR](#)) for allowing everyone to attend the event **free of charge**, and all the participants for making it unforgettable! If you missed it, do not despair... A new StaTalk edition is taking form just behind the corner!

## Board elections

NOVEMBER 2023

The **y-SIS elections** will take place in **mid-November** to substitute two board members (many thanks Pierfrancesco Alaimo Di Loro and Fabio Centofanti) who are concluding their two-year mandate. The new board members will stay in office from January 1, 2024, to December 31, 2025. All regular y-SIS members born from 1990 onwards can stand for election and all regular y-SIS members will receive a personal link to vote. Let us remind you that

regular y-SIS members must satisfy all of the following conditions: (i) being a SIS member on the 29th of October 2023; (ii) being [registered as a y-SIS member](#); (iii) being born from 1988 onwards.

E-mails with detailed instructions will be sent out soon.

## Tell me Y-SIS needs you!

WHENEVER

Would you like to tell us about your last paper and share the highlights with the social community? Fill out this [form](#)! The aim of **Tell me Y-SIS: Share, Inform, Stimulate** is to disseminate the most recent scientific achievements of young researchers and *stimulate* the exchange of ideas. We had two fantastic starters in **Beatrice Franzolini** and **Rosario Barone**, now it can be your turn!
